What else should I know about the hotel?

Mauna Kea Beach Hotel's origins date back to 1960 when legendary venture capitalist Laurance S. Rockefeller spotted the crystal clear waters and white sands of Kauna'oa Bay and was inspired to create a great hotel that reflected the spirit of this special place. With thoughtful sensitivity to the dramatic natural surroundings, Rockefeller's team created a stunning mid-century modern design that in the 1960's was far ahead of its time. As a crowning touch, he installed a 1,000+piece collection of museum-quality Asian, Polynesian and Oceanic art and artifacts throughout the hotel. The hotel was soon recognized as one of the era's most significant buildings with the 1966 Honor Award from American Institute of Architects; Fortune named it among "Ten Best Buildings of 1966," and Esquire named it one of the world's three best hotels in 1967.

Guest amenities at the 252-room resort include an award-winning championship 18-hole golf course, 11-court seaside tennis club, a beach club, island dining, and homes and villas.

Other activities at the hotel are:

Hawaiian Lu'au - Tuesday & Friday evening

Guided Manta Snorkel Adventure - 7:30 & 9:30pm

Clambake Dinner - Saturday evening

Tell me about the Golf Courses?

The award-winning, 18-hole championship golf course has set the standard for Hawaii golf for generations. Created in 1964 by Robert Trent Jones Sr. on what was once a barren black lava field, today's lush fairways tumble across seaside cliffs with unfolding ocean and coastal views. Elevated, undulating greens and prevailing coastal winds demand accuracy, while an epic over-the-ocean 3rd hole guarantees an unforgettable day of play. The Hapuna Golf Course is a second, less challenging course on property.

Attendees will receive a 20% discount on their green fees.

Anything else we should know before the meeting?

We suggest joining the Marriott Rewards program before arriving at the hotel to receive complimentary internet access from your room.

We are bringing our kids. Is this a good resort for them?

The Mauna Kea is a great resort with an excellent beach, activities and a kids club (Keiki Adventures). If you are planning an extended stay on Hawaii with kids, you may want to look into spending a few days at the [Hilton Waikoloa](#).

Why are the activities on Tuesday and Friday?

We try to select activities that are unique to the location we are visiting. The most unique thing to the Hawaii is the active volcano flow. It is suggested that you view this at dark. In order to keep our welcome reception, we needed to conduct this activity on Tuesday. We are conducting the Whale Watching on Friday as this is normally run in the afternoon and many of the attendees fly home on Saturday.
