Avila Beach, CA– January 8, 2015 – The International Factoring Association (“IFA”) has announced the launch of its bi-annual Business Profile and Performance Survey. It is recognized as the industry’s most complete resource on factoring for receivables finance providers, service providers to the factoring industry, debt buyers and universities.

The survey will be conducted January 1st - February 20th by Industry Insights, Inc., an independent research and consulting firm headquartered in Ohio.

“It’s always helpful to have a benchmark of company and industry performance when you’re mapping out future strategies,” said Bert Goldberg, Executive Director of the IFA. “This survey’s results will give factors the data they need to analyze situations and identify opportunities.”
