International Factoring Association Announces New Preferred Vendor

Avila Beach, CA – June 12, 2020 – The International Factoring Association (“IFA”), the world’s largest association of commercial finance companies, announced today that they have accepted Equiniti Riskfactor (“EQ Riskfactor”) into their preferred vendor program. Approved vendors undergo a thorough screening process before being selected and are subject to ongoing monitoring.

EQ Riskfactor’s risk management technology uses automation to identify potential frauds along with advanced analytics. The technology highlights unusual activity so lenders can better investigate fraud and reduce risk. The tools also help lenders to eliminate manual processes, saving time and money.

EQ Riskfactor will offer an exclusive benefit available only to IFA members.

“I am delighted to announce EQ Riskfactor as our new preferred vendor,” said Bert Goldberg, Executive Director of the International Factoring Association. “IFA members that currently use their product indicated that the company is easy to work with and the product has been helpful with their portfolio. The exclusive offer of ‘free hosting’ for our members will help to make this product more affordable.”

For more information and to view a listing of preferred vendors, please visit www.factoring.org.

About the International Factoring Association

Headquartered in Avila Beach, California with over 450 corporate members, the International Factoring Association is the largest association of commercial finance companies in the world. Members include factoring companies, asset-based lenders and other receivables finance companies. Since 1999, the International Factoring Association has provided a forum for member organizations to meet and discuss issues and concerns, share best practices, disseminate information and promote a single voice to the marketplace. The principal spokesperson for the factoring and receivables finance industry is the International Factoring Association’s Bert Goldberg. For more information visit www.factoring.org.
